

Te Mahere ā-Tau 2026/2027

# ANNUAL PLAN 2026/2027

**Volume 2: Local Board  
information and  
agreements**

## Mihi

**Mai te Kore i takea mai te Ao, taka iho rā.  
Ko Māui Tiki a Taranga, ko Tāwhakinui ā Hema.  
Ko te Kāhui Tupua, ko te Kāhui Maunga.  
Kia puta ake ko Maru-ā-Iwi, ko Te Tini o Toi.**

**Horapangia ana te iwi, taurihia katoatia te whenua.  
He whenua taurikura, he whenua parekura.  
He whenua whai rawa, he whenua tapu.  
He kōpu whenua, he whenua makaurau.**

**“Ko wai te whenua e kōrerohia ake nei e.i?”**

**“Ko Tāmaki Herenga Waka,  
Ko Tāmaki Herenga Tāngata,  
Ko Tāmaki Herenga Wawata,  
Ko Tāmaki Herenga Taonga.”**

**“Mō wai te whenua e manaaki ake nei e.i?”**

**“Mō te iti, mō te rahi, Mō te kotahi, mō te katoa, Mō tātou, mō te iwi!”**

**Tihei winiwini, Tihei wanawana, Tihei Tāmaki Makaurau e...!  
Haumi ē! Hui ē! Tāiki ē!**

From the void came the world, descending into being.  
Māui the innovator, Tāwhaki the seeker of knowledge.  
The sacred assembly of ancestors, the steadfast mountains.  
From these, the multitudes of iwi emerged, spreading across the land.

A land of abundance, a land of conflict.  
A land rich in resources, a land sacred and revered.  
A fertile land, a land desired by many.

“Which land do we speak of?”

“Tāmaki – the mooring place of canoes,  
Tāmaki – the mooring place of people,  
Tāmaki – the mooring place of aspirations,  
Tāmaki – the mooring place of treasures”

“For whom does this land offer its care?”

“For the small and the great, For one and for all, For all of us, for the people.”

**Behold the thrill, behold the awe, behold Tāmaki Makaurau!  
Join together, unite as one!**

## Local board overview

He whakarāpopoto mō ngā poari ā-rohe

# 1.1 Local board overview

## Shared governance model

### The Governing Body (mayor and 20 councillors)

- focus on big picture and Auckland-wide issues
- develop Auckland-wide strategies and plans
- decision making of regulatory activities such as bylaws, licencing, inspection and animal management.

### 21 local boards (chairperson and local board members)

- represent local communities
- provide local leadership
- make decisions on local issues and activities
- allocate local funding for services and projects that reflect the priorities and preferences of communities within the local board area.
- input to regional strategies and plans
- advocate to the Governing Body and council-controlled organisations (CCOs) on behalf of local communities.

## Introduction

Auckland Council has a unique model of local government in New Zealand. It is made up of the Governing Body (the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for making decisions on local issues, activities and services. Local boards also provide input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for:
  - community engagement,
  - preparing local board plans,
  - agreeing and monitoring local board agreements,
  - communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated responsibility for decision-making on certain non-regulatory activities to local boards. This includes a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Refer to Volume 2, Part 3 for the Allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may give responsibility for some regulatory activities to local boards, and Auckland Transport may give some decision-making responsibilities to local boards. Refer to Volume 2, Part 3 for the list of delegated responsibilities to local boards.

## Te Whakawhanake i ngā Take Mātāmua ā-Rohe Pātata

# 1.2 Developing local priorities

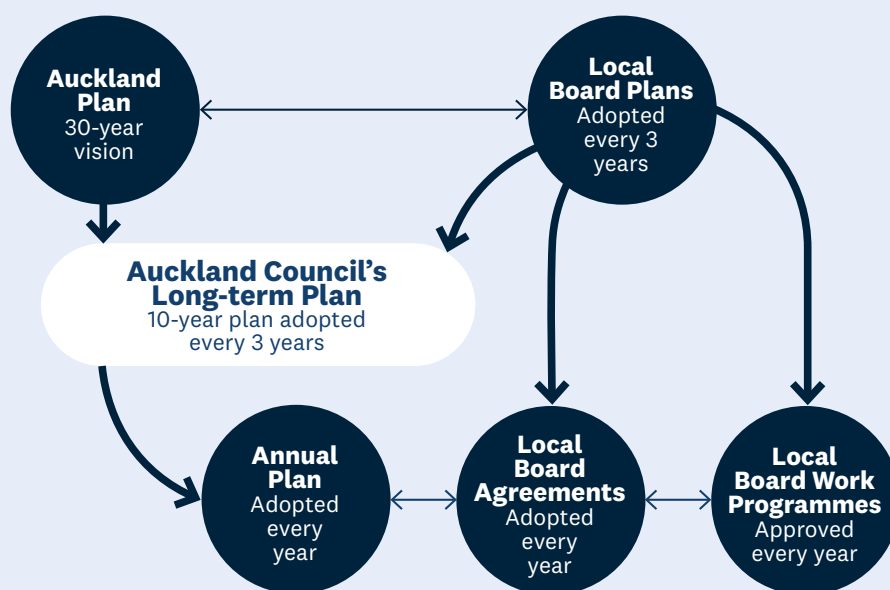

Local board plans are strategic documents that set the direction for local boards and also inform the long-term plan. Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is developed between the Governing Body and each local board. It agrees the delivery and funding of local activities, intended levels of service, performance measures and targets, for the year. The agreement takes into account local board plan priorities but must also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for activities in which they have decision-making responsibilities. They contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2025/2026 have been agreed between each local board and the Governing Body and are set out in Part 2.

► Diagram 1:  
The relationship  
between Auckland  
Council plans and  
agreements.

## Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

1. Local Community Services
2. Local Planning and Development
3. Local Environmental Management
4. Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2023/2024 financial year.

## Te Tuku Pūtea

## 1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy 2025, funding for local boards is determined based on the following:

**Operating funding** (to maintain and operate assets and services, like libraries, pools and parks, as well as provide local programmes and initiatives) is made up of:

- fees and charges set by the local board and collected from local assets and services
- revenue from a targeted rate set by the Governing Body to fund local assets and services
- any other revenue including grants, donations, and sponsorships
- an allocation of general rates based on an equity formula

On top of this an allocation for governance services based on the number of elected members and associated administrative costs for each local board.

**Capital funding** (to renew and develop assets) for local boards is allocated to local boards based on an equity formula for local boards.

In addition to the identified operating and capital funding methods set out above, the Governing Body will provide operating and capital funding for specific items identified in Section 3.3 of the Local Board Funding Policy 2025, based on the assets and services in each local board area.

The total estimated funding allocation for all 21 local boards over the 2026/2027 financial year is shown in following tables. The budgets for each local board for the 2026/2027 financial year are included within the individual local board agreements in this volume.

### Gross capital expenditure for 2026/2027 by local board

| \$000<br>Financial year ending 30 June | Annual Plan<br>2025/2026 | Long-term Plan<br>2026/2027 | Annual Plan<br>2026/2027 |

| Waiheke                                | 7,714                    | 7,878                       | 8,445                    |
| Waitākere Ranges                       | 14,274                   | 14,114                      | 15,226                   |
| Waitematā                              | 39,204                   | 36,963                      | 41,331                   |
| Whau                                   | 22,406                   | 23,510                      | 23,167                   |
| <b>Grand Total</b>                     | <b>490,928</b>           | <b>479,028</b>              | <b>515,449</b>           |

Annual Plan 2026/2027 includes OPEX to CAPEX conversion of \$8.8 million and cost pressure top up.

## Local board operating gap

In the Long-term Plan 2024-2034, a new fairer funding model for local boards was agreed, this included:

- increased decision-making responsibility for local boards over local activity budgets
- applying an equity formula
- additional funding over existing local board budgets to ensure equitable funding across the local boards.

In the 2025/2026 financial year, the first year of fairer funding, higher than expected maintenance and utilities costs resulted in operational funding gaps for many individual local boards. This was temporarily fixed with one-off regional funding.

In the 2026/2027 financial year, some of the local board funding gaps remain. This has been fixed by:

- using some of the additional funding from fairer funding
- local boards directly through budget decisions
- other boards freeing up funding by converting surplus operating funding to capital funding.

Converting surplus operating funding to capital funding will result in higher total borrowing levels for the council so is not an ongoing solution. There is work underway to look at the Local Board Funding Policy as part of the Long-term Plan.

## Upper Harbour Local Board

He kōrero mai i te Heamana

### Message from the chair

On behalf of the Upper Harbour Local Board, I am pleased to present our Local Board Agreement for the 2026/2027 financial year. This outlines what we will deliver for our community and reflects what we have heard from you through the Annual Budget consultation and ongoing engagement.

This year brings some uncertainty. While our overall funding has remained the same, the cost of delivering services has increased significantly, creating pressure on our ability to maintain current service levels. We are continuing to engage with the Governing Body on these challenges, including advocating for interim support and a review of local board funding settings in the long-term plan.

Despite this, we remain committed to investing in Upper Harbour's future.

Over the coming year we will continue to progress a range of local projects and priorities including improvements to parks and open spaces such as playground renewals and upgrades to walkways and paths through implementation of our Greenways Plan and installation amenities such as new seating and shade provision.

We will progress planning for a new library in Albany, which is a key priority for the local board, a new multipurpose hard-court facility in Greenhithe and implementation of the Te Kori Scott Point masterplan as budget allows.

We will also continue to support local events, placemaking initiatives, and the volunteers and community groups who play a vital role in caring for our environment and strengthening community connections.

We have also heard your feedback on matters outside of our direct decision-making role. We recognise our responsibility to advocate on your behalf regarding these matters. Our key advocacy items can be found in Appendix A of this local board agreement.

Thank you to everyone who provided feedback. Your input has helped shape this agreement. We remain committed to making Upper Harbour a great place to live, work and play.

Ngā mihi

Anna Atkinson  
Chairperson, Upper Harbour Local Board

## Upper Harbour Local Board area

A population of **76,959** expected to increase to **101,544** by **2050**

We are home to more than **200** local parks and sports fields, **1** library, **1** pool and leisure centre and **3** council-owned community centres

### LEGEND

-  Local board office
-  Public open space (Unitary Plan)
-  Industrial, commercial and reserve land
-  Motorway
-  Major road
-  Arterial road
-  Medium road
-  Minor road

The only local board area with an **operational Air Force base** (in Whenuapai)

## Upper Harbour Local Board Plan 2023

The Upper Harbour Local Board Plan 2023 is a three-year plan that sets out what we want to achieve for the local board area. The plan aims to achieve the following outcomes:

### Ō Tātou Tāngata

#### **Our people**

Our goal is to create an inclusive and connected community, adapting to the changing needs of our growing diverse population and ensuring everyone has a voice in decisions that affect them.

### Tō Tātou Taiao

#### **Our environment**

Upper Harbour is an area with unique natural landscapes. We will continue to work alongside our volunteers and community to enhance and protect our natural environment.

### Tō Tātou Hapori

#### **Our community**

Our commitment is to provide access to well-maintained sports fields, parks, coastal amenities, and community facilities for everyone.

### Ō Tātou Wāhi

#### **Our places**

With better planning and appropriate infrastructure, we aspire to create an area that allows our residents to easily connect with each other and within their neighbourhoods.

### Tā Tātou Ōhanga

#### **Our economy**

We will continue to support our local businesses and communities to create a thriving, resilient and sustainable economy.

The local board agreement outlined in this document explains how we will work towards achieving our plan in the 2026/2027 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body and with the general priorities and preferences in the local board plan.

## Working with Māori

Honouring Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader legal obligations to Māori.

We are committed to developing meaningful relationships with Māori. We welcome opportunities to work in partnership with Māori communities. Some of the key initiatives we propose to achieve this are highlighted below:

- Partner with mana whenua and mataawaka to deliver initiatives that support sharing Māori cultural knowledge and practices through storytelling projects and celebrating te reo Māori
- Work with mana whenua who have an interest in our area to respond to their aspirations
- Partner with mana whenua, mataawaka and community groups to restore te taiao (the environment), prepare for the effects of climate change and deliver initiatives that increase understanding of mātauranga Māori (Māori knowledge)
- Support initiatives that provide access to business mentoring and work experience for young people including rangatahi Māori.

## Upper Harbour Local Board Agreement 2026/2027

### Planned operating and capital spend in 2026/2027

| Key areas of spend                | Community services | Environmental services | Planning services | Governance    | Total          |
|-----------------------------------|--------------------|------------------------|-------------------|---------------|----------------|
| Planned operating spend 2026/2027 | \$21.5 million     | \$263,000              | \$875,000         | \$1.0 million | \$23.6 million |
| Planned capital spend 2026/2027   | \$9.1 million      | -                      | -                 | -             | \$9.1 million  |

### Key activity areas

Each year we plan the activities and services we will provide in our local board area and any key changes to services based on our local board plan. Funding priorities, key activities and key performance measures in the Upper Harbour Local Board area are included for the following local service and activity areas:

- local community services
- local environmental management
- local governance
- local planning and development.

### Local community services

We support strong, diverse and vibrant communities through:

- libraries and literacy services
- arts and culture
- parks, sport and recreation
- events held by council services, community group partnerships and volunteers.

Our budget to provide these services and activities in 2026/2027 includes operating costs of \$21.5 million and capital investment of \$9.1 million.

Our key local community services initiatives in 2026/2027 are to:

- progress with planning of a new library facility in Albany.
- support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents.
- prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature.

These key initiatives contribute towards the following area/s in the Upper Harbour Local Board Plan 2023:

- Ō Tātou Tāngata Our People: Our goal is to create an inclusive and connected community, adapting to the changing needs of our growing diverse population and ensuring everyone has a voice in decisions that affect them.
- Tō Tātou Hapori Our Community: Our commitment is to provide access to well-maintained sports fields, parks, coastal amenities, and community facilities for everyone.

| Performance measure                                                                                              | Actual 2024/2025 | Annual Plan 2025/2026 target | Annual Plan 2026/2027 target |
|------------------------------------------------------------------------------------------------------------------|------------------|------------------------------|------------------------------|
| <b>Enable a range of choices to access community services and recreation opportunities</b>                       |                  |                              |                              |
| Number of visits to library facilities <sup>1</sup>                                                              | 145,563          | 136,000                      | 145,000                      |
| Percentage of time physical library services are accessible to the community                                     | 100%             | 100%                         | 100%                         |
| Number of visits to Pool and Leisure Centres <sup>1</sup>                                                        | 665,833          | 694,000                      | 728,000                      |
| Percentage of time main Pool and Leisure Centre services are accessible to the community                         | 98.1%            | 96%                          | 96%                          |
| Percentage of local community facility asset components that are not in poor or very poor condition <sup>2</sup> | 96%              | 96%                          | 94%                          |
| <b>Provide opportunities for communities to lead and deliver their own initiatives</b>                           |                  |                              |                              |
| Number of partner organisations supported to sustain their governance capacity and capability <sup>3</sup>       | 14               | 25                           | 20                           |
| Number of partner organisations and groups funded to deliver placemaking activities <sup>3</sup>                 | 27               | 8                            | 25                           |
| <b>Provide urban green spaces (local parks, paths and Ngahere) and access to the coast</b>                       |                  |                              |                              |
| Percentage of local parks, facilities and spaces meeting maintenance quality standards.                          | 94.3%            | 90%                          | 90%                          |
| Percentage of local open space asset components that are not in poor or very poor condition <sup>2</sup>         | 94%              | 94%                          | 92%                          |
| Number of trees planted in the Urban Ngahere programme <sup>4</sup>                                              | 58               | 57                           | 36                           |

<sup>1</sup>There are no intended service level changes to libraries and pools and leisure centres, the target has been reviewed and set against forecasted 2025/2026 visitation numbers.

<sup>2</sup>The target is based on the forecasted 2026/2027 asset condition which is determined by the condition and age-based asset deterioration model.

<sup>3</sup>The target has been reviewed and set against 2024/2025 activity and set at a more realistic level.

<sup>4</sup>The target has changed compared to prior year due to changes in the local board's investment allocation in line with their priorities through the annual work programme

## Local environmental management

We support healthy ecosystems and sustainability through local board-funded initiatives like:

- planting
- pest control
- improving stream and water quality
- waste minimisation projects.

Our budget to provide these activities in 2026/2027 is \$263,000.

Our key local environmental management initiatives in 2026/2027 are to:

- support community-led ecological restoration and environmental enhancement projects and initiatives through the Upper Harbour Ecology Initiatives programme
- improve the health of local streams, waterways, native fish habitats and freshwater biodiversity through restoration and sustainability initiatives such as the restoration of the Waiarohia, Alexandra and Oteha Streams

- support opportunities to minimise waste, reduce pollution and support low-carbon practices through community and industry-focused programmes
- encourage greater uptake of cycling and sustainable transport initiatives across the local board area through programmes such as community cycling initiatives.

These key initiatives contribute towards the following area/s in the Upper Harbour Local Board Plan 2023:

- Tō Tātou Taiao Our Environment: Upper Harbour is an area with unique natural landscapes. We will continue to work alongside our volunteers and community to enhance and protect our natural environment.

| Performance measure                                                                          | Actual 2024/2025 | Annual Plan 2025/2026 target | Annual Plan 2026/2027 target |
|----------------------------------------------------------------------------------------------|------------------|------------------------------|------------------------------|
| <b>Protect, improve and minimise risks to the natural environments and cultural heritage</b> |                  |                              |                              |
| Volunteer time undertaking animal and/or plant pest control (hours) <sup>5</sup>             | 26,358           | 5,000                        | 8,000                        |
| Rounds of pest control carried out in key areas <sup>5</sup>                                 | 19,243           | 20                           | 50                           |

<sup>5</sup>The target has been reviewed and set against forecasted 2026/2027 activity levels.

## Local governance

Activities in this group support the local board to engage with and represent their communities and to make decisions about local activities. This includes:

- developing local board plans, agreements and work programmes
- community engagement, including relationships with mana whenua and Māori communities
- having a say in regional plans, policies and strategies
- democracy and administrative support
- understanding, advocating and managing issues.

Our budget to provide these activities in 2026/2027 is \$1.0 million.

The key initiatives we have planned for 2026/2027 include:

- implement actions from the Upper Harbour Local Board Engagement Strategy

| Performance measure                                                                                                                                                            | Actual 2024/2025 | Annual Plan 2025/2026 target | Annual Plan 2026/2027 target |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|------------------------------|------------------------------|
| <b>Respond to the needs and aspirations of mana whenua and Māori communities</b>                                                                                               |                  |                              |                              |
| Number of local activities that deliver moderate to high outcomes for Māori as outlined in 'Kia Ora Tamaki Makaurau' (now Tāmaki Ora) (The council's Māori outcomes framework) | 9                | Set baseline                 | 9                            |

## Local planning and development

We support local town centres and communities to thrive by:

- developing plans for town centres and local areas
- working with our Business Improvement Districts (BIDs) and Business Associations.

Our budget to provide these activities in 2026/2027 is \$875,000.

The local board supports Business North Harbour Incorporated by endorsing the setting of a targeted rate for the Business Improvement District (BID) programme for inclusion in the Annual Budget 2026/2027.

The local planning and development activity, including the key initiatives outlined above contribute towards achieving the following outcome/s in the Upper Harbour Local Board Plan 2023:

- Tā Tātou Ōhanga **Our Economy:** We will continue to support our local businesses and communities to create a thriving, resilient and sustainable economy.

| Performance measure                                                                                                             | Actual 2024/2025 | Annual Plan 2025/2026 target | Annual Plan 2026/2027 target |
|---------------------------------------------------------------------------------------------------------------------------------|------------------|------------------------------|------------------------------|
| Support a strong local economy                                                                                                  |                  |                              |                              |
| Percentage of Business Associations meeting their Business Improvement District (BID) targeted rate grant agreement obligations | 100%             | 100%                         | 100%                         |

## Funding Impact Statement

This funding impact statement explains how the council will fund local activities in the Upper Harbour Local Board area and how we plan to use these funds.

We have prepared the statement to meet the requirements of Section 21(5) of the Local Government (Auckland Council) Act 2009. It covers the year from 1 July 2026 to 30 June 2027.

| \$000                                                                   | Annual Plan<br>2025/2026 | Annual Plan<br>2026/2027 |
|-------------------------------------------------------------------------|--------------------------|--------------------------|
| Financial year ending 30 June                                           |                          |                          |

## Appendix A: Advocacy

A key role of the local board is to advocate for things that it does not have decision-making responsibility or funding for but recognises how they would benefit the local community. The key initiatives that the local board advocated for as part of the annual plan were:

| Initiative                                                              | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|-------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Local Board Funding</b>                                              | <ul style="list-style-type: none"> <li>request that the Governing Body provide interim support for local boards in 2026/2027 to address immediate cost pressures</li> <li>request that the Governing Body review the Fairer Funding model through the upcoming Long-term Plan to ensure it is fit-for-purpose, delivers equitable outcomes, and provides a sustainable funding envelope for local boards into the future, noting that a key principle was that no local board should be negatively impacted by fairer funding.</li> </ul>                                                                                                                                                                                                                               |
| <b>Library Service provision in Albany (key local board priority)</b>   | <ul style="list-style-type: none"> <li>request appropriate funding to enable fit for purpose library service provision in Albany</li> <li>note that the local board is considering property optimisation opportunities to fund investment in the delivery of a new library in Albany.</li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| <b>Delivering Differently programme - \$576m</b>                        | <ul style="list-style-type: none"> <li>request the partnership investment shift within this programme also prioritises to include opportunities to partner with communities to address wider community facility provision shortfalls, rather than being limited to sport and recreation opportunities.</li> <li>note that in Upper Harbour area there is willing community partners actively interested in partnering with Auckland Council and potentially co-investing in community centres but cannot access this programme as it only focused on sport and recreation outcomes examples include: <ul style="list-style-type: none"> <li>Whenuapai Community Centre</li> <li>Te Kori Scott Point Youth Centre</li> <li>Albany Youth Facility.</li> </ul> </li> </ul> |
| <b>Te Kori Scott Point masterplan implementation</b>                    | <ul style="list-style-type: none"> <li>request appropriate funding to complete the implementation of the Te Kori Scott Point masterplan noting that stage 1 is incomplete and 2 and 3 are unfunded, leaving our fast-growing community without appropriate access to open space and sport and recreation opportunities.</li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| <b>Planning and investment to respond to growth and intensification</b> | <ul style="list-style-type: none"> <li>request appropriate evidence-based planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai, Hobsonville and Albany</li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>North-West Economic Development Plan</b>                             | <ul style="list-style-type: none"> <li>request prioritisation of economic development and planning in the North West including the continuation of the North West Economic Development Plan</li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
